

## We are looking for a Project Responsible

### MAIN TASKS

Activities and tasks focus on the energy sector, in particular hydrogen economies and Power-to-X (PtX).

- Support in the identification of relevant stakeholder topics, needs and demands in the areas of PtX and hydrogen within the country for the determination of activities and support in the corresponding development of contents
- Support in continuously building the corresponding partner network, stakeholder exchanges with the private sector, governmental bodies, ministries, business associations, NGOs and other relevant actors
- Support in the implementation of predetermined activities in accordance with project framework together with the management and team
- Support in the organization of various event formats with relevant stakeholders such as roundtables, delegation trips, information events, trade fairs etc.
- Support in advising German and Turkish stakeholders on hydrogen and PtX related inquiries together with the management and team
- Support in identifying relevant private sector projects in the target market together with the management and team
- Support in managing the cooperation and communications with project partners in Germany, Türkiye and other countries internationally
- Assisting in developing the project's strategic direction and focus as well as activities together with the management and team
- When necessary, research and presentation of economic data and indicators as well as industry information
- When necessary, accompanying business trips and related formats both nationally and internationally
- Support in billing of projects according to the requirements of the project partner

## REQUIRED QUALIFICATIONS

- Relevant university degree
- Sufficient technical knowledge and economic understanding in the area of energy
- Excellent written and oral skills in English and Turkish - German is a plus.
- Preferably some previous experience in the area of stakeholder management
- Strong communication skills
- Ability to work in a precise, self-motivated, independent, and goal-oriented manner
- Ability to work together in interdisciplinary and intercultural teams
- Ability to organize yourself efficiently in a demanding work environment with a sometimes-high workload
- Excellent manners
