Objectives	The course offers a theme-oriented consolidation of the theoretical and methodological principles of the fundamental methods and central issues of text analysis and interpretation in cultural and media studies.			
Content	This seminar introduces the cultural and media studies approach to literature and art and presents basic methods and central issues of cultural and media studies text analysis. The significance and role of literature and art in the construction of cultural identity in the Turkish-German, European and global context will be theoretically examined and analyzed on the basis of selected examples.
