Objectives	The purpose of this course; media transformation and mediaization of policy in a context. In this framework, the expanding influence area of the media and the use of political information will be examined.				
Content	In this course, public and media key terms are reformulated within the framework of politics; The key terms propaganda, information, political decision-making, deliberation, civil society and government are explained and associated on the basis of an explanation. Examples of historical events that take place in media (sins) with various effects (mass communication) are covered. The important role of the new media in the context of political information and decision-making processes is examined in the context of case studies.
