Objectives	The main objective of the course is to improve the communication between foreign students of our university. With the help of the Elective Academic Turkish course, our students will be able to communicate more effectively by improving their reading, listening, speaking and writing skills in daily and academic life. This course will help students feel more competent in group activities. It will also provide them with the opportunity to express themselves better in public institutions. With the Elective Academic Turkish course, it is aimed to increase the participation of our students in academic studies and to enable them to express themselves more easily in these studies.				
Content	Turkish Grammar Rules
