AVU126	1			2.
Title	T	A	L	ECTS
Theories and Problems of Nationalism	2	0	0	6
Language	English			
Level	Undergraduate		Graduate X	Postgraduate
Department / Program	Master Program of European and International Affairs			
Forms of Teaching and Learning	Face to face			
Course Type	Compulsory		Elective X	
Objectives	This course is designed to provide students with a historical grounding in the global spread of nationalism, giving insights into the interrelations between the development of nationalism and the international system. It introduces students to the major theories of nationalism and populism, before examining the political and international consequences of a world of nation-states and discussing contemporary problems of nationalism, including the rise of nationalist parties and populism.			
Content	<p>The course will cover the following topics:</p> <ul style="list-style-type: none"> • Classical theories of nationalism • Contemporary approaches to study nationalism and populism • Nationalism and the development of the international system • Gender and nation • Citizenship policies • Euroscepticism
