Code						Academic Year			Semester		
AIT001											
Title							T A L ECTS				
Atatürk's Principles and H	istory o	of Revolution I					2	2 2			
Language		Turkish							_		
Level		Undergraduate X Graduate Postgraduate						duate			
Department / Program		Political Science an	nd In	ternation	al Relation	S					
Forms of Teaching and Learning		Formal Education									
Course Type		Compulsory		>	(Elect	ive			
Objectives		 To provide the historical information infrastructure that will enable the establishment process of the Republic of Turkey, its philosophy, basic principles, the regional and global relations of today's Turkey, and the main national problems to be understood and assimilated correctly and completely. With this; To teach Atatürk's principles and reforms and to analyze the establishment process of the Turkish Republic. To give accurate information about the conditions created by the National Struggle, the stages of the Turkish National Struggle, the History of the Republic of Turkey, Ataturk's Principles and Revolutions, and the Kemalist Thought System. To raise awareness among young people to defend and develop these reforms and principles by ensuring that Atatürk's Principles and Revolutions are understood correctly. To inform students about the political, economic, social and cultural phenomena of the historical period starting from the classical age of the Ottoman state and ending with the death of Atatürk in 1938, and the background of these phenomena extending to the Ottoman state. To enable students to look at historical events in a versatile way. It is to introduce students to the basic theoretical concepts, discussions and methods of thought of different social sciences, especially history, around an
