| Objectives | | | | it the internation and mechanisms. | nal pr | otectio | n of int | ellecti | ual property rights | |
| Content | The international protection of intellectual property gains crucial importance with the ever-increasing value of international trade. In this class, which is the intersection of public international law and intellectual property law, the students will learn about the need for international protection of intellectual property rights and the conventions and mechanisms to that end. | | | | | | | | | |
